## Trip summary

---

Kerala is a perfect winter destination with a temperate climate and understated natural beauty. It is a land of tea plantations, verdant inland hills rising to 2,500m, wild jungle reserves and enticing waterways. On our Kerala walking holiday you will explore the region's must-see scenic, cultural and natural highlights from the water and on foot, and experience Southern India's distinctive culture and delicious cuisine.

Your holiday starts in Kochi where you explore this wonderfully atmospheric town and take a sunset cruise to see the photogenic Chinese fishing nets for which the town is famed. Next, you head east to the tranquil Birds Mumar Camp on the banks of the Edmalayar River and explore Thattekad Bird Sanctuary with the expert resident naturalists.

Continuing on to the old hill station of Munnar, with its surprisingly dramatic mountain scenery, you will walk on trails through tea estates with spectacular views of the Western Ghats and up Meesapulimala, 2,637m, the second highest peak in southern India. You then cross over to the neighbouring state of Tamil Nadu visiting the Chinnar Wildlife Sanctuary known for its unique dry deciduous forest and its indigenous tribal population who still dwell in the forest. The sanctuary is also home to the endangered Great Grey Grizzled Squirrel.

Travelling on via Tamil Nadu's agricultural landscape, colourful markets, rural villages and the dazzling Meenakshi Dravidian temple complex in Madurai, you reach the dense forests of the Periyar Wildlife Sanctuary and the Cardamom Hills. The park which forms the major watershed of two important rivers of Kerala, the Periyar and Pamba, is home to around 40 tigers which you will search for on foot. Whilst tiger sightings are uncommon, as one of the oldest reserves in India, Periyar is home to a wealth of flora and fauna including Indian elephant, Indian wild dog, Guar, Sambhar, the rare Nilgiri Tahr and hundreds of different bird species so there is plenty to see. You will be accompanied by an armed guard on your walking safari.

From Periyar you drive to Alleppey and board a rice boat for an overnight cruise on Kerala's tranquil palm-fringed backwaters, a series of incredibly scenic lakes, canals and lagoons where you can sit back and watch the local people go about their daily life. Your holiday concludes on the picturesque shores of Lake Vembanad where you can explore the lakeside or just relax and enjoy the pool and spa facilities in your beautiful boutique hotel.

# Your trip itinerary

---

## Day 1: In flight

---

Today you depart on your overnight flight to southern India.

**Overnight: In flight**

---

## Day 2: Arrive Kochi. Group transfer to hotel - 1½ hours. Sunset cruise.

---

You will arrive in Kochi in the early morning and transfer to Kochi town where you will check into your hotel. After time to rest from your long flight you will have the afternoon at leisure to venture out for a first look at the town.

Later in the evening, you will be transferred to the boat jetty for a sunset cruise round the harbour. The cruise will take a couple of hours approximately and you will see the islands of Kochi, various activities in the harbour and will end your cruise at sunset at the Chinese fishing nets. The city of Kochi is actually made up of a collection of islands and headlands. Between the peninsula on which Fort Kochi and Mattancherry are located and the mainland of Ernakulam, lies Willingdon Island. Offshore islands include Bolgatty, Vallarpadam and Vypeen. Your cruise will take you past these islands and you will see arrays of Chinese fishing nets. Each of these structures is at least 10m high and comprises a cantilever with an outstretched net suspended over the sea and large stones suspended from ropes as counterweights at the other end. Each installation is operated by a team of up to six fishermen. This style of net is thought to have been introduced by traders from the court of Chinese emperor, Kublai Khan.

**Overnight: Secret Garden Hotel or Similar, Cochin (Meals: D)**

---

## Day 3: Morning walking tour of Kochi. Afternoon at leisure.

---

Kochi is a fascinating place. In 1102 Kochi became the seat of the Kingdom of Kochi and has been a prominent city since then. With the advent of the Portuguese in 1503, it became the first European Colonial settlement in India and it remained the capital of Portuguese India until 1530. It was then invaded by the Dutch and the British and became the first princely state to join the Indian Union post independence in 1947. The various people who have lived there have all left their mark on the city: the Jews (700BC onwards), the Portuguese (1503-1660), the Dutch (1660-1814) and the British (1814-1947). In 1920 Robert Bristow the harbour engineer, under the direction of Lord Willington, transformed this historic spice port over the next 21 years into the safest harbour on the peninsula.

In the morning, led by an English speaking guide, you will explore the sights of Fort Kochi and Mattancherry. Among the places you will see is the St. Francis Church, the oldest European church in India, built by the Portuguese in 1516, famous for housing the remains of Vasco Da Gama, the great Portuguese explorer who first came to Calicut, Kerala in 1498 and died during his third visit in 1524 in Kochi. His remains were later exhumed and taken to Lisbon in 1539.

You might also visit the Dutch Palace: built in 1557, the Mattancherry Palace was a gift from the Portuguese to Raja Veera Kerala Varma but after its renovation by the Dutch in 1663 it became popularly known as the Dutch Palace. The palace is mostly built in traditional Kerala style - Nalukett - with a central courtyard and has a medieval charm. Located nearby in Jew Town is Paradesi Synagogue, one of very few still functioning here although unlike normal synagogues it does not have a Rabbi but is led by the elders of the community. Paradesi was built by European and Middle Eastern Jews in 1568. The area between the synagogue and the Dutch Palace used to be the spice town where most of the spices were traded, and until fairly recently there was even an old fashioned Pepper Exchange where pepper was traded. The old spice shops are sadly all gone, but it is still interesting to browse around these narrow lanes which are nowadays dotted with antique shops.

The remainder of the day is free for your own exploration.

**Overnight: Secret Garden Hotel or Similar, Cochin (Meals: B)**

---

---

**Day 4: Drive to Thattekad, visit potters' village en-route - 3 hours' drive. Village walks and plantation tour.**

---

Today you leave the hustle and bustle of Cochin and travel to the Salim Ali Bird Sanctuary. En-route you will stop to visit a potter's village where pots and other earthenware items are still made using traditional techniques, keeping an ancient way of life alive. Birds Murre Camp, located on the banks of the Edamalayar River and overlooking the Edamalayar Forest is an ideal spot to explore the area from. The region is known for its plantations of rubber, nutmeg and other spices. This afternoon you will visit a spice plantation near the camp and explore the local village on foot to see the local way of life.

**Overnight: Birds Murre Camp, Thattekad (Meals: BLD)**

---

**Day 5: Explore bird sanctuary on guided walk - 8-10 km, 4-5 hours. Evening - optional kayak/raft on river.**

---

Although compact, Thattekad Bird Sanctuary, which was founded by renowned ornithologist Dr Salim Ali, is incredibly species rich - over 270 species can be found in the mix of tropical and deciduous forest. This morning you will explore the sanctuary on foot (accompanied by an armed forest guard) looking out for special and endemic bird species such as the Sri Lanka frogmouth, the Malabar trogon, the Wayanad laughing thrush, the grey-headed fish eagle and the crimson-throated barbet, in addition to flying squirrels and gliding lizards.

Refreshments will be provided on the walk and you return to the camp for lunch by the riverside. Please note, during the dry season if the forest department decides that there is risk of fire then the sanctuary will be closed and we will not be able to do the long walk. If this happens then we will walk in another part of the sanctuary, a slightly shorter walk but equally interesting.

In the evening there is the option to kayak on Edamalayar River with a guide to help you explore the inlets and canals in the forest. The kayaking is included in the price of the holiday.

**Overnight: Birds Murre Camp, Thattekad (Meals: BLD)**

---

**Day 6: Drive to Munnar - 3 hours. Visit market and tea museum.**

---

This morning you drive up into the hills through the spice plantations to reach the tea estates of Munnar. Munnar was originally inhabited by indigenous tribes before the British planters discovered its potential for growing tea. Vast tracts of forests were cleared, and labour bought up the hills from Tamil Nadu to start the plantations. While tea is still grown it is not as lucrative as used to be and now visitors come to Munnar for its cooler climate, lush green landscape, wildlife parks and the high peaks.

In the afternoon you will visit the market where the people in the estates go for their daily shopping. Its colourful display and the fresh produce on sale make it an interesting visit. You will also visit the Tea Museum which offers an insight into the history of tea in Munnar and has an exhibition of the equipment used by the planters.

**Overnight: Tea County Resort or Similar, Munnar (Meals: B L)**

---

**Day 7: Walk to Top Station, 2,150m/7,054ft, from Yellapetty Village - 10km, 5-6 hours.**

---

This morning you will be driven for an hour to the tea estates at Yellapetty from where you start today's walk. Your guide will lead you through rolling green tea fields and wildlife-rich shola forest and grasslands, traversing through undulating countryside with spectacular views of the Western Ghats. You complete the walk at Top Station, 2,150m/7,054ft, an old colonial-era tea trading post and once one of the highest railway stations in Kerala, where your transport will be waiting to transfer you back to Munnar. The scenic return drive takes around an hour and a half winding down through the hills.

**Overnight: Tea County Resort or Similar, Munnar (Meals: B L)**

---

---

**Day 8: Walk up Meesapulimala Peak 2,637m/8,652ft from Rhodo Valley, 2,400m/7,874ft - 8km, 5-6 hours.**

---

Today is the literal high point of your holiday - an ascent of the second highest peak in southern India. An early morning jeep transfer of around an hour brings you to the roadhead at Rhodo Mansion from where you ascend on a well-trodden path through grassland to the summit. There are some steeper sections but these can be minimised by taking more circuitous alternative paths. At 2,637m/8,652ft above sea level Meesapulimala is the second highest peak in Southern India and the only one that is open to visitors. The upper reaches are mainly grassland and offer stunning views of the Western Ghats and of the hills of both Tamil Nadu and Kerala as Meesapulimala sits on the border of the two southern states. The walk up Meesapulimala is perhaps the best trek experience that you can do in southern India. After taking in the views - cloud permitting - you return to either Rhodo Mansion, or to Meesapulimala Base Camp where your vehicle will be waiting to drive you back to your hotel.

As this is the most demanding walk of the holiday you might prefer not to ascend Meesapulimala but instead spend the day at leisure or further exploring Munnar.

**Overnight: Tea County Resort or Similar, Munnar (Meals: B L)**

---

**Day 9: Drive to Manupetti - 3 hours. Afternoon village visit and plantation tour. Walking 2-3 hours.**

---

Leaving Munnar's misty hills behind you drive down through the sprawling tea plantations to the Sandalwood forests of Marayur and the Chinnar Wildlife Sanctuary. Your base for the next couple of nights is the beautiful Chinnar Eco Living, a unique six room property well off the tourist trail which is also an organic farm growing a variety of fruits and vegetables. You may wish to spend the afternoon relaxing beside your private plunge pool, but otherwise an exploration of the local village will offer an insight into rural Tamil village life, and afterwards you visit a coconut farm, coir making unit and a local temple before walking back to the hotel.

**Overnight: Spice Tree Chinnar Eco Living (Meals: B D)**

---

**Day 10: Wildlife walk with local trackers in Chinnar Wildlife Sanctuary - 4-5 hours.**

---

After an early breakfast you drive to nearby Chinnar Wildlife Sanctuary. Chinnar is a protected area providing sanctuary for the critically endangered grizzled giant squirrel, the world's smallest wild cat - the rusty-spotted cat, Asiatic elephants, sambhar deer, dhole and Indian gaur amongst other species. A number of traditional medicinal plants are found in the forest, mainly along the river, and lizards, butterflies, and dragonflies can be seen in abundance.

Chinnar Sanctuary lies in the rainshadow of the Western Ghats and offers a different type of walking terrain with its mainly dry deciduous forest of thorny bushes. It is also home to two indigenous tribes who have their own distinct culture and way of life. On your walk you will be accompanied by a forest guard plus trackers from these tribes who know the forest inside out.

**Overnight: Spice Tree Chinnar Eco Living (Meals: B D)**

---

**Day 11: Drive to Madurai - 3-4 hours. Heritage walk and temple visit - 2-3 hours.**

---

Today you drive across the rich cultivated plains of Tamil Nadu to the temple town of Madurai. After settling into your hotel, with maybe time for a quick dip in the pool, you head out in the afternoon to explore the city on a heritage walking tour.

The vibrant city of Madurai is the cultural capital of Tamil Nadu, and has a skyline dominated by Dravidian temples and soaring gateway towers. On your walk you will visit colourful markets selling local produce, textile shops and teashops, passing through narrow streets lined with historic buildings. The walk culminates at the famous Meenakshi temple complex. Meenakshi is an iconic Hindu temple renowned for its stunning Dravidian-style architecture. Dedicated to Goddess Meenakshi and Lord Sundareswarar, it features intricate sculptures, 50 meter high gopurams (towers) adorned with brightly coloured figures, and a sacred tank.

**Overnight: Heritage Hotel or Similar, Madurai (Meals: B)**

---

---

**Day 12: Drive to Periyar - 3-4 hours. Afternoon wildlife walk with local trackers - 5km, 2-3 hours.**

---

The Cardamom Hills are your destination today as you leave the busy city behind, crossing the fertile plains of the Cumbum Valley towards Periyar Wildlife Sanctuary. Your accommodation is in Kumily, close to the park entrance and well located for a stroll into town, should you wish to explore.

This afternoon you will take a jungle walk in the park with knowledgeable local trackers and a forest guard.

Scenic Periyar is the former hunting grounds of the Travancore royal family, and the man-made lake at its heart, once a feature enjoyed by 19th century nobles, is now a magnet for wildlife. The lake reserve was declared a protected area in 1950 and later, given its importance for conservation, was given national park status in 1978. The park has a healthy number of tiger (though sightings are extremely rare) and a sizable population of elephants amongst other species of birds and animals.

Periyar National Park has pioneered a number of eco-development projects and your guided walk through the sanctuary is one such project, initiated by the forest department.

**Overnight: Wildernest Guesthouse or Similar, Periyar (Meals: BLD)**

---

**Day 13: Transfer to Alleppey - 4 hours. Overnight backwaters cruise.**

---

Driving west you leave the hills for the final time and head down towards the coastal plains, arriving in Alleppey late morning.

Amongst the lagoons, canals and rivers live whole communities for whom the waterways are effectively the equivalent of a road system. The area around the backwaters is one of the few places in the world where cultivation happens below sea level. Fishing remains probably the most important activity, but villagers also gain a livelihood through the cultivation of crops including rice and cashew nuts and the production of coir. The rough fibrous coating of coconuts, coir is used to make brushes, sacks, matting and even rope. The traditional name for the rice barge on which you will travel is the 'Kettuvallam,' which literally translated means 'boat with knots'. Coir rope was typically used to bind together the wooden structure with knots in the rope serving the purpose of nails.

At midday you board your rice boat and enjoy a relaxing afternoon cruise through the waterways, offering an opportunity to observe rural Kerala up close. For the people living on the banks, the backwaters are a part of their day to day life. You stop to look at paddy cultivation, watch local fishing, and see historic churches and local temples. During the evening, you can generally see the people of the community meeting and relaxing by the backwaters. Your houseboat anchors for the night at around 5.30pm.

**Overnight: Backwaters Riceboat (Meals: BLD)**

---

**Day 14: Morning disembark in Alleppey. Transfer to Kumarakom - 1 hour. Remainder of day at leisure.**

---

After breakfast you disembark at Alleppey. You will then be transferred to Kumarakom on Lake Vembanad. This beautiful lake is one of the largest and most scenic in India and your hotel is positioned right on the lake shore. The rest of the day will be at leisure for you to enjoy the hotel facilities and explore Lake Vembanad.

**Overnight: Backwater Ripples or Similar, Kumarakom (Meals: B D)**

---

**Day 15: Group transfer to the airport - 83km, 2-3 hours. Fly to London.**

---

After an early breakfast you will transfer to Kochi airport for your return flight to London. **(Meals: B)**

## Our grading system

---

Kerala Walking & Wildlife Holiday is graded as a Gentle/Moderate walking holiday, as described below.

### **Gentle**

Trips within this grade typically mix sightseeing with easy-paced half and/or full day walks. On these trips, walks will be on relatively low altitude trails, for a duration of around 4-6 hours. On all of our Gentle graded trips, some ascent and descent should be anticipated, and there may occasionally be a longer walking day. Holidays within this grade generally use hotels and comfortable lodges although a few do have some nights camping.

These holidays are suitable for people who enjoy easy-paced walks in the British countryside or exploring on foot rather than in a vehicle.

### **Moderate**

Holidays in this grade typically involve 5 to 10 days of walking or trekking. They will often venture into more remote country and can cross mountain passes. Altitudes though are still relatively low, going no higher than around 4,300m/14,000ft. Accommodation can include simple hotels, tea houses, lodges and camping.

## Trip altitude

---

**Important** - please be aware that this trip involves travel at altitude. Whilst all our itineraries are carefully designed to optimise acclimatisation to high altitudes, participants on this trip are likely to experience some symptoms of being at altitude. The Dossier pack we provide when you book your holiday includes comprehensive advice on safe travel at altitude. If you require further information or advice on travel at altitude prior to booking please contact the office to speak to an experienced member of our team. Alternatively we recommend [www.medex.org.uk](http://www.medex.org.uk) as a good source of information.

## The nature of adventure travel

---

Every effort will be made to keep to this itinerary but we cannot guarantee that things may not change, either before you travel or while you are away. By its very nature, adventure travel involves an element of the unexpected, particularly in more remote areas. A variety of factors such as adverse weather conditions, changes to local schedules and difficulties with transportation can all contribute to the need to make changes to the itinerary, often at the very last minute. Our Operations Manager and your Trip Leader will make every effort to maintain the integrity of the original itinerary and minimise the impact of any changes, but an easy-going and flexible nature is a real asset! Please note that all timings and distances given are approximate.

*Excellent tour staying in very comfortable eco lodges or hotels. We had the great fortune of travelling with a really knowledgeable ornithologist among our number who took fabulous photos of the birds we could see and hear - the Malabar flameback! The Sri-lankan frogmouth! He and the guides were able to point out all sorts of amazing wildlife which we may otherwise have missed. All the local guides were good and our driver was excellent...Altogether, a great trip*

*Excellent varied itinerary, well planned. The accommodation was of a very good standard and I particularly enjoyed staying at the small eco lodges.*

*This was a wonderful trip to a beautiful part of India. All the accommodation was of a very high standard and the various local guides in each place we visited were really excellent - very knowledgeable, good English and friendly. We enjoyed the walks which were not too strenuous and there was often the added excitement of would we see a tiger or an elephant along the way! We did see a beautiful elderly elephant calmly foraging for her food, and evidence of tigers, leopards and wild dogs having passed by our path even though we didn't see them in person. The many included meals were much appreciated and delicious. Our driver was very organised and helpful and drove us safely at all times. The trip is very highly recommended. We will definitely use Mountain Kingdoms again.*

# Mountain Kingdoms - distinctly different

---

## **Truly independent**

In an age where many so-called 'independent' travel companies have in fact been bought out by multi-national giants, we remain fiercely independent with all the benefits this offers our clients.

## **Value for money prices with an emphasis on quality**

We are not in the business of cutting our itineraries and services to the bone to offer eye-catching cheap prices. We use some of the best airlines, and typically 3 or 4 star hotels in cities. We include the majority of meals and private transport for road travel. We use excellent equipment and appoint well-trained staff and leaders. Last year, over 98% of our clients rated their Mountain Kingdoms holiday as 'excellent' or 'good'. We are members of AITO and bound by their quality charter.

## **Complete financial security**

You can book with us confident that your holiday has full financial protection. Flight inclusive holidays are financially protected by the Civil Aviation Authority under ATOL licence number 2973 and 'Land Only' holidays are covered by a bond secured with ABTOT.

## **No Surcharge Guarantee**

Your peace of mind is important to us so we have a No Surcharge Guarantee on all Land Only and Flight Inclusive bookings. This means that there will be no change to the price of your holiday once we have confirmed your booking, regardless of fluctuations in exchange rates or fuel prices.

## **Award winning Responsible Tourism**

We feel strongly that all our holidays should benefit local communities, protect the environment and respect local traditions, religion and heritage. You can read more about the charities we support and our Responsible Tourism commitments and initiatives on the following page or at [www.mountainkingdoms.com](http://www.mountainkingdoms.com).

## **Genuine small group travel**

Almost all of our holidays have a maximum group size of just 12, plus leader. This provides more contact with your leader, readier access to off-the-beaten-path areas, greater interaction with local communities and a reduced environmental impact.

## **Loyalty Discount**

If you have previously travelled with us we recognise your loyalty with a discount on future trips.

## **Booking your holiday - it couldn't be easier**

Once you've chosen your Mountain Kingdoms holiday you can book online, call the office or complete and post a booking form which can be found in our brochure or downloaded from our website. If you would like to hold a place on one of our trips, whilst you make up your mind, please give us a call to make a provisional booking. This is a no-obligation, no-cost booking and we will hold your place until space comes under pressure or we need your decision.

## **Comprehensive information**

When we receive your booking we send you a full trip dossier which contains details of visas and vaccinations required, a suggested gear and clothing list and lots of useful information. In fact, everything you need to know to give you peace of mind and allow you to prepare for your trip of a lifetime.

## RESPONSIBLE TOURISM STATEMENT

For almost four decades, Mountain Kingdoms has been offering people the chance to visit amazing places on this extraordinary planet. We now have trips to all corners of the globe but are conscious that our holidays can have a detrimental impact on the world around us and want to do all we can to reduce that.

We have focused our main responsible tourism efforts on reducing the carbon emissions produced by our holidays, and counterbalancing this carbon by supporting carbon offset measures. Here are some of our current and future plans to minimise the impact of our business as a whole.

### Carbon offsetting

Since 2007, we have donated a percentage of our client and staff flight costs to the Ecoan tree planting project in Peru. Ecoan are a trusted local NGO who use the funds directly to purchase seedling trees with the long-term goal of restoring 2.5 million acres of Andean land.

Ecoan maintains over 100 tree nurseries across Peru where their tree saplings are grown and then transported to planting sites during the rainy season. They use native trees such as the Polylepis, as these can survive at high altitudes. As well as sequestering carbon, they help protect against soil erosion, landslides and the effects of extreme weather on local crops. As such, they are enormously beneficial to the economic well-being of the surrounding communities. This is very much a community-led conservation project, with the local Quechuan people coming together to plant tens of thousands of saplings in the Andean highlands where they live. During the annual Queuña Raymi (tree festival), over 150,000 native trees can be planted in a single day!

For every person booking a long-haul, flight inclusive holiday with us, Ecoan can purchase and plant 20 trees in Peru, and for short-haul flights, 7 trees. Typically, we send over \$7,000 per year to Ecoan, which is over 7,000 trees.

### Reducing carbon emissions

- ✓ We offer the majority of our clients a free, filtered Water-to-Go bottle to help reduce the need for single-use plastic bottles during their travels.
- ✓ We predominantly use locally-owned hotels and guesthouses rather than multinational chains. In some of our destinations, such as Bhutan, we use homestays. Not only does this type of small-sized, locally-owned accommodation have a much-reduced carbon footprint, but it also helps support communities.
- ✓ We evaluate our flights to make sure we are using the most fuel-efficient airlines with the youngest fleets and, where possible, choose direct flights for each trip.
- ✓ We have stopped offering unnecessary optional flights, such as Everest sightseeing. We try to minimise internal flights where possible.
- ✓ We recycle as much of our office waste as possible and have introduced a client portal to reduce paperwork and to make it easier for clients to manage their trips online.

### Wider commitment to responsible and sustainable tourism

- ✓ We are signatories to the Tourism Declares a Climate Emergency initiative to stand alongside other like-minded travel companies to initiate best practices to make tourism as sustainable as possible.
- ✓ We will continue to support several charities with whom we have a long-standing relationship, such as Shiva Charity in Nepal.

Over the years, we have given sizeable payments to emergency relief when a disaster has occurred in the countries we operate in. We always try to ensure that these funds go directly to those who need them most to help rebuild their lives.
